

## Questions submitted in advance summary

**Most of these questions will be addressed throughout the presentations. If not they will be raised at the end of the session and in a post meeting Q&A that will be available on the Trust Website.**

### A) COVID 19 Update

- Recovery from increasing waiting times – use of private sector, outpatients, triage systems?
- What is the financial impact of COVID-19?
- Impact on other health concerns – those that have been delayed due to COVID

### B) L&D Site

- What is the status of the helipad?
- Car parking – are there other plans to increase parking?
- Will the Trust be creating memorial gardens on site?
- L&D reported cash in the bank – how will this be used?

### C) Bedford Site

- Although a smoke free site – experience of patients says otherwise
- Contacting the hospital has been challenging

### D) Merged Trust

- Mix of activity on each site? Will there be less choice?
- Balance of the Governors – are there not too many for Luton?
- When will clinicians be able to seeing patients' results on both sites? Can result in having to have extra tests which is a waste of resources.
- How has cleanliness and care improved in the Trust?
- Blood test bottles are different on different sites (Bedford and Addenbrookes) – should they be uniform? *[This item has been referred to pathology]*
