

# The L&D University Hospital is supporting the “OK to ask” Campaign

This year’s theme is to continue empowering our patients to ask their doctor or nurse about clinical research taking place within the hospital through the 'OK To ask ' campaign. This initiative is promoted nationally by the National Institute for Health Research.

Please visit the link below for more information.

<http://www.nihr.ac.uk>

Make sure your patient is aware of local clinical research opportunities for them.
